

# WELCOME

I'm **MissEhrin** and my business is Beauty, she's the "Good Wife". I've been a hairstylist for over a decade now and yes I'm a Tacoma native.

My certifications and licenses include:

Haircolor (**ABCH**) American Board of Certified Haircolorists

Advanced DevaStylist (visit [www.devacurl.com](http://www.devacurl.com) and search our area by zip code)

Cosmetology License

Esthetics License

WA State Instructor License

## WHAT PRODUCTS DO I USE?

*Amazon may sell the same products  
but they aren't selling the  
knowledge to use them properly.  
Support me on my business journey  
while I support you on your hair  
journey!*

I love DevaCurl as a company and the way they market their products. I cater to all curls, I don't care what nationality you are and neither

does Deva. Deva provided me with everything I was looking for in a product line. Education, affordable quality products and great support.

The Azarra Product Line is a quality private label line. I love it and I use it instead of DevaCurl for various reasons. Azarra has products that smell and function wonderfully.

## WHY SHOULD YOU COME FOR A VISIT?

To answer directly, because you have other things to do than sit in a salon all day. I have been paying attention to the fact that women everywhere seem to have lost faith or are losing faith in hairstylists. I give my clients all of me during their appointment time and very rarely double book myself. I keep a set schedule and price list so there are no surprises when you arrive to your appointment. I really just want you to come in and relax...not your hair but you! I want to help you love your hair and ultimately yourself.
